

Pelaksanaan Vaksinasi Gotong Royong di Pabrik PT Pan Brothers Tbk.

PT. Pan Brothers Tbk bekerja sama dengan Rumah sakit Ciputra melaksanakan vaksin gotong royong untuk karyawannya di Pabrik Perseroan Jl. Siliwangi No.178 Jatiuwung Tangerang - Banten. Vaksinasi dilakukan pada tanggal 18-19 Mei 2021 untuk 3000 karyawan perseroan yang diajukan pada tahap pertama. Pan Brothers tercatat sebagai salah satu perusahaan yang telah mendaftar di Kamar Dagang dan Industri Indonesia (Kadin) dari total 22.736 perusahaan dengan lebih dari 10 juta peserta. Prioritas vaksin tahap pertama akan dilakukan dengan melihat pada tingkat mobilitas karyawan di lapangan yang tinggi untuk mengatur operasional produksi. Perseroan juga melakukan vaksinasi pada karyawan di front office seperti security, satgas Covid-19, personalia termasuk pengurus serikat pekerja. Untuk selanjutnya, perseroan akan memprioritaskan karyawan produksi dan back office. Perseroan adalah perusahaan labor intensif dan harus menjaga keberlangsungan operasional perusahaan, sehingga perseroan perlu mempercepat pelaksanaan vaksinasi sekaligus membantu pemerintah dalam percepatan penanggulangan penyebaran Covid-19.

Implementation of Gotong Royong Vaccination at the PT Pan Brothers Tbk Factory.

PT. Pan Brothers Tbk and Ciputra Hospital as a administer, organize Gotong Royong vaccines for its employees at the Company's Factory, Jl. Siliwangi No.178 Jatiuwung Tangerang - Banten. Vaccinations were carried out on 18-19 May 2021 for 3000 company employees who were submitted for the first phase. Pan Brothers is listed as one of the companies that has registered with the Indonesian Chamber of Commerce and Industry (Kadin) of a total of 22,736 companies with more than 10 million participants. The first phase of vaccine priority will be carried out by looking at the high level of employee mobility in the field to regulate production operations. The company also vaccines employees at the front office such as security, the Covid-19 task force, personnel including trade union officials. Going forward, the company will prioritize production and back office employees. The company is a labor intensive company and must maintain the continuity of the company's operations, so the company needs to accelerate the implementation of vaccinations as well as assist the government in accelerating the prevention of the spread of Covid-19.
