

3 (THREE) GREEN INDUSTRY AWARDS 2022 LEVEL 5 FOR PT PAN BROTHERS Tbk

Jakarta, 25 November 2022, PT Pan Brothers Tbk (the Company) won 3 (three) Green Industry award 2022 Level 5 awarded by the Ministry of Industry at the Directorate General of Agro Industry at the Ministry of Industry Building, Jakarta. The award is intended for 3 of the Company's subsidiaries, including: PT Pan Brothers Boyolali, PT Prima Sejati Sejahtera, and PT Pancaprima Ekabrothers.

The 12th Green Industry Awards were given by the Ministry of Industry of the Republic of Indonesia (Kemenperin) represented by Plt. Director General of the Chemical, Pharmaceutical and Textile Industry (IKFT) of the Ministry of Industry Mr. Ignatius Warsito, Head of the Green Industry Center of the Ministry of Industry Mr. Herman Supriadi to industrial companies that have met the Green Industry Standards (SIH), namely guidelines for companies to implement green industry principles in the production process.

The Company went through several stages of implementation, starting from the registration process, verification and assessment, objection period, Advisory Board meeting, and finishing with the Green Industry Award. A total of 111 companies have been recorded as having applied for certification from 2017 to 2022, with certification applications for this year as many as 37 industrial companies with a total of 26 companies or around 70.3% having fulfilled SIH. Currently, there are a total of 70 companies that have obtained green industry certificates.

The Company's involvement in the Green Industry is based on an awareness of sustainability which is in line with the Sustainable Development Goals that have been carried out for a long time. The Company understands the importance of the Planet as one of the 3 basic principles of sustainability (People, Planet, Profit) which focuses on responsibility for the harmony of industrial development with the preservation of environmental functions. In addition, the Company also believes that the application of

green industry standards is also intended to prioritize efficiency and effectiveness in the use of resources in a sustainable manner.

Expert Staff to the Minister for Business and Investment Climate Andi Rizaldi representing the Minister of Industry's remarks at the 2022 Green Industry Award ceremony stated the need for the industrial sector to boost its competitiveness to be able to meet the ever-increasing demand for green products, both domestic and global markets. Therefore, the Company is committed to continuously developing production processes that prioritize the implementation of green industry standards and have competitiveness in global market.
